

Our Innovative Fibreglass **POOL RANGE**

**AQUA
TECHNICS
POOLS**

Our **promise** to you -
there simply is no **better**
swimming **pool**

The Aqua Technics story

Aqua Technics has been manufacturing award-winning fibreglass pools for 45 years. We have the best range of technologically advanced swimming pools, manufactured in our purpose-built production facility, the largest in Western Australia.

Over forty five years on we are still a family owned and operated company. Our pools are built to stand the test of time and are distributed all over WA, the Eastern states and many countries around the world. Our ultimate goal is to ensure families will enjoy their swimming pool and create a lifetime of happy memories.

WE MANUFACTURE THE VERY BEST FIBREGLASS POOL AVAILABLE ANYWHERE IN THE WORLD. BUILT TO LOOK BETTER AND LAST LONGER.

The Aqua Technics edge

FADE RESISTANT

Aqua Technics pools have patented Pool ColourGuard® surface technology, which resists the effects of UV rays and chemicals, offering superior fade-resistant protection.

QUALITY ASSURED

Certified to build to AS/NZS 1838 under license BMP 520101. We are measured and tested by an authorised, independent auditor. Anyone can say they build to the Standard. For your peace of mind always ask for a license number. We also comply to the AS/NZS ISO 9001 Quality System.

LIFETIME WARRANTIES

Pool ColourGuard® Lifetime Interior Surface Guarantee and Extended Lifetime Structural Warranty - our commitment to providing extended warranties above those standard in the SPASA contract.

ANTI-MICROBIAL PROTECTION

Microtech Anti-Microbial Pool Protection prevents surface algae growth, making it exceptionally hygienic and safer for your family. It's 100% safe and gentle on the human body.

PRECISION MOULDS

New designs are built to exacting tolerances. The edge beams are true, the shapes geometrically perfect and the surface finish is without peer.

SUPERIOR STRENGTH

Full sized structural ribs, fully supported steps and bench seating and a wider edge beam mean the pool is independently structural and has no need for secondary engineering works. New high strength fibreglass produces a stronger, stiffer pool - up to 20% stronger.

SUPERIOR MATERIALS

All pools are manufactured using high performance, corrosion resistant, eco-friendly fibreglass with improved strength and stiffness. Our onsite gelcoat manufacturing facility means daily batching of materials for a better product. Only specialty materials are used - no general purpose products.

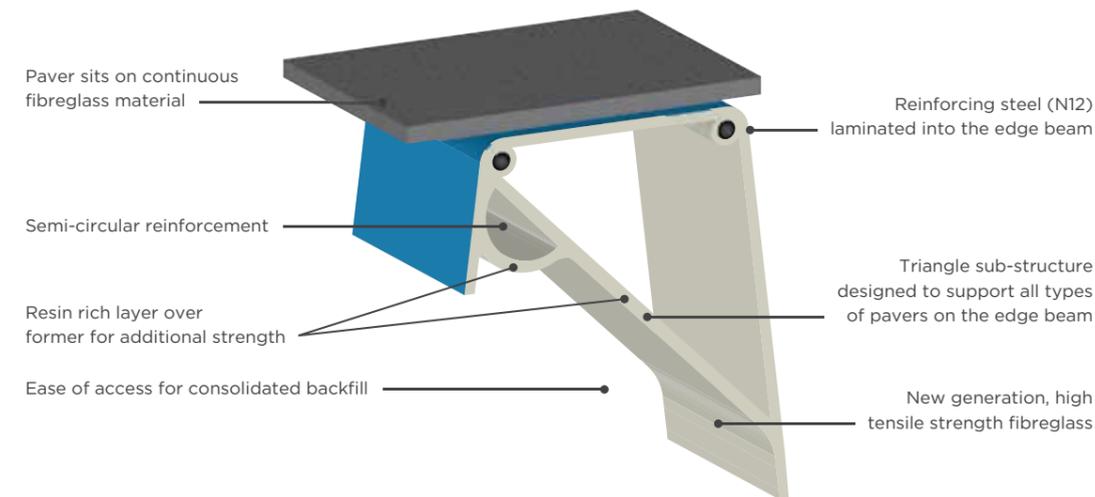

MADE IN WA

All pools are individually made to order to suit local conditions at our new, state-of-the-art Jandakot manufacturing facility, the largest pool production premises in WA.

QUALITY is everything

Why we only build pools with 200mm edge beams

The design of the 200mm edge beam means that the strength is engineered into the pool. Your pool is **built stronger to last longer**.

We are externally audited every year to Product Certification AS1838.

Make sure your builder is licensed to build to Australian Standards.

We have International Council Code Accreditation ICC-ES - 1 of only 5 companies globally.

Built stronger to last **LONGER**

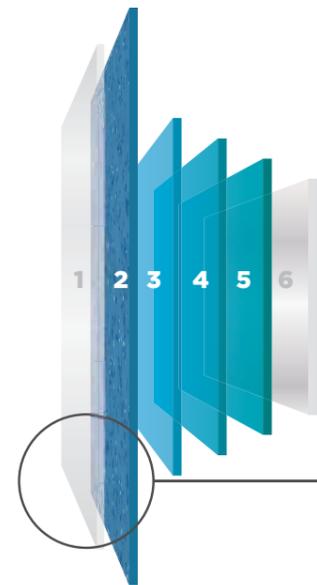

Along with our state-of-the-art, purpose built manufacturing facility, we can proudly boast to having our own in-house raw materials production division. This allows us to freshly batch our raw materials on a daily basis, which is extremely important in order to produce a superior quality product.

We pride ourselves on having the best range of designs, colours and surface finishes. As the leaders in pool technology and development, we ensure our pools are superior in every way.

The strength and quality of our pools are backed by our Extended Lifetime Structural and Lifetime Interior Surface Guarantees.

When only the best will do - the world's first fade-resistant surface protection system for fibreglass pools

Every Layer Matters

- 1** Patented Clear Resin - chemically resistant, like sunscreen for your pool
- 2** Patented Colour Layer - colours that last longer and act as a corrosion barrier to prevent osmosis
- 3** First Structural Layer and Second Chemical Resistant Layer - double protection
- 4** Second Structural Laminate with unique materials that increase the strength of the laminate
- 5** Third Structural and Reinforced Formers - for increased strength and stiffness
- 6** Exterior Waterproof Membrane and the final layer

Revolutionary dual coat process - two layers are merged to provide extraordinary protection.

ADVANCED PATENTED TECHNOLOGY IN 27 COUNTRIES AROUND THE WORLD

The greatest single advancement in fibreglass pools in over 40 years

Only Aqua Technics can offer you a patented surface protection system for fibreglass pools that resists the effects of ultra violet rays and chemical attack. Backed by a Lifetime Interior Surface Guarantee, it's like sunscreen for your pool, protecting it from colour loss and weathering. Incorporating a specialised dual coat system as part of the manufacturing process, two layers are merged to provide extraordinary surface protection.

With a brilliant, high gloss finish that lasts year after year, your pool will maintain its beautiful appearance thanks to the innovative and unique Pool ColourGuard® technology. We dare you to compare.

Australia's Most Awarded
POOL COMPANY

Over
220
AWARDS

Aqua Technics is Australia's most awarded swimming pool company, having received numerous local, national and international Awards of Excellence. We have over 17 international awards - proof that the quality of our pools is recognised the world over. In 2019 and 2020 we were awarded Fibreglass Pool Builder of the Year at the SPASA Awards of Excellence.

The contemporary style of the Piazza Series will complement any outdoor area and not become dated in years to come.

Seats up to 7 people

Continuous bench seating

2 corner steps

Rio
2.2m x 1.8m
Depth 0.35m

Rio Features

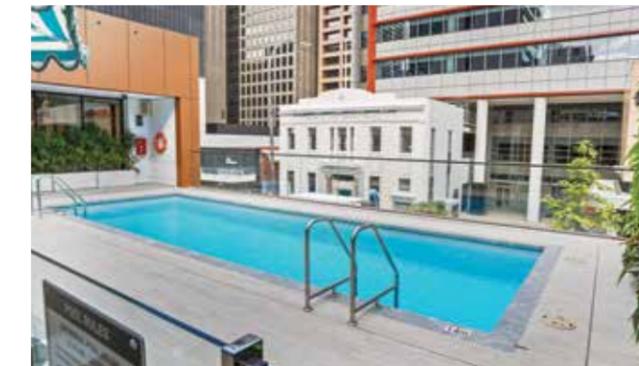

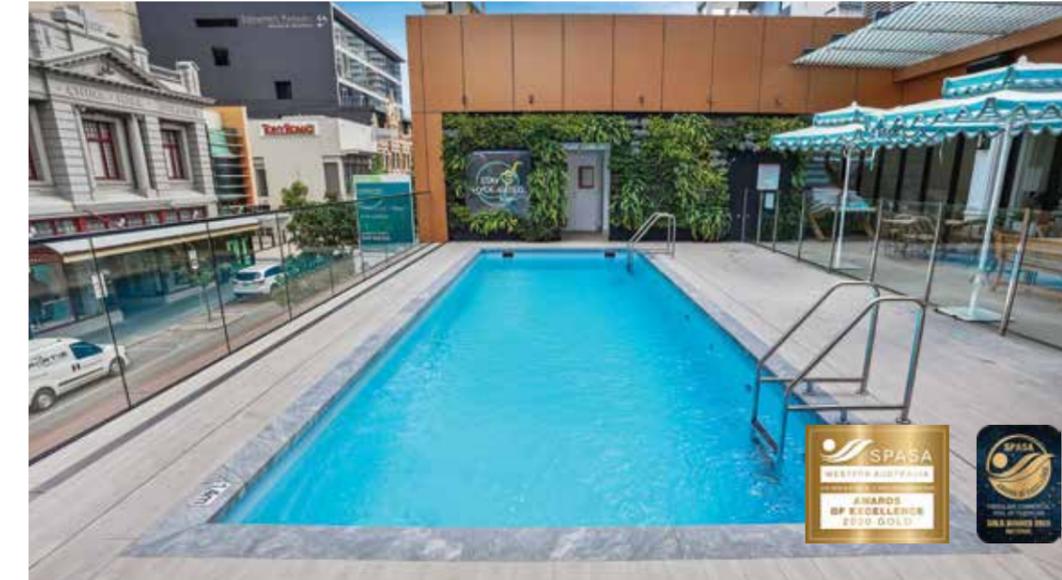

Kids wading pool

Ideal paddling area

Commercial POOLS

For as long as we have been installing our pools into the backyards of WA families, we have also been completing commercial projects, both big and small.

Our commercial division has installed pools all over Western Australia, from the very far north down to the Lord Forrest Hotel in the south-west and across to the east. If you have ever been to Cable Beach Resort in Broome you would have spent many an hour relaxing in their beautiful swimming pools, built by Aqua Technics Commercial.

Our commitment to quality in both design and workmanship was rewarded when we received the WA Pool of the Year award at the Swimming Pool and Spa Association Awards of Excellence. We also recently received local and national gold for our custom designed fibreglass pool at The Adnate Hotel located in the Perth CBD.

We have completed projects for the following applications:

- Residential complexes including apartments
- Mining sites
- Resorts and hotels
- Group accommodation facilities
- Purpose-built custom fibreglass designs

When you buy the very best pool there is, you want the very best landscaping and accessories to go with it.

Imagine finishing your new pool with stylish paving, planter boxes filled with your favourite plants, a soothing water feature and modern glass fencing together with advanced automatic pool equipment that works cleverly to reduce your pool maintenance and operating costs.

Aqua Technics can offer a complete pool and landscaping package with attention to every last detail. From recommendations and advice right through to installation. For all the extras, simply speak with one of our expert Sales & Design Consultants.

Aqua Technics can assist you with:

State-of-the-art pool pumps, filters and automatic cleaners

Pool heating including gas, electric and solar systems

Landscaping services

Water features

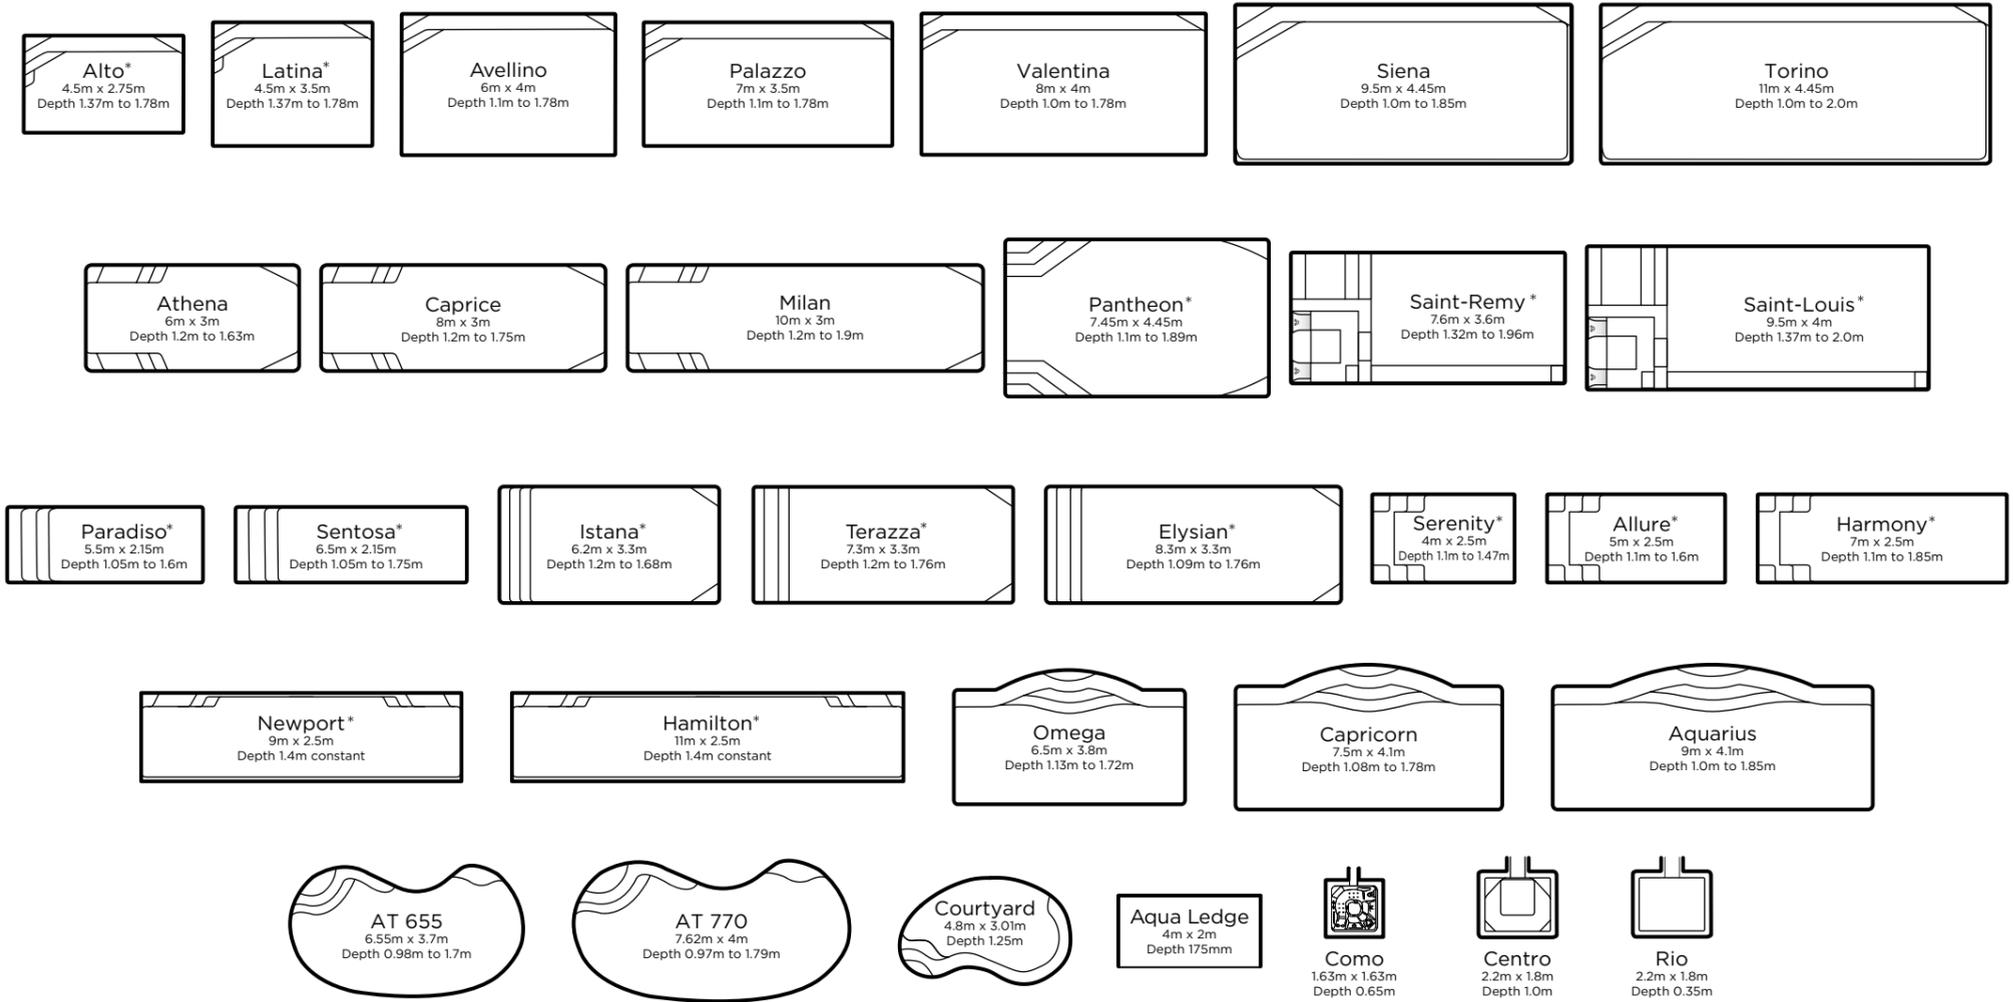

Headers and paving
